## LETTER FROM THE CHIEF

I am pleased to present the Memphis Police Department's 2022 Annual Report. This year we continued to listen to our community stakeholders and responding to their needs in three primary pillars: Reducing Crime, Community Engagement, and Organizational Effectiveness. Everything we do as a police department center around one of these core themes, whether responding to emergency calls for service, to ensuring our officers have the resources and support they need to be effective in their work. These goals also set the foundation for the MPD's 2022-2027 Five Year Strategic Plan, our holistic approach which also incorporates Improving the Quality of Life and Capital Improvements.

In order to achieve these goals, given our current challenges, we must leverage all the resources available to the MPD, along with the city, county, state, federal, private sector and more. Internally, we must focus on maximizing our own resources, including prevention, intervention and deterrence measures, which means extra patrols in neighborhoods and in areas where crime is most prevalent.

It is an honor to serve the men and women of MPD, and the citizens of Memphis as your Chief of Police. I accepted this position because of my desire to be a part of the pivotal changes we can achieve in a city that has such a rich and celebrated history. As your Chief, I find great joy in being visible and accessible to our employees and to the members of our great community, so people will see I am having needed candid conversations with all stakeholders. Leading one of Americas finest public safety agencies comes with great challenges and sacrifices, but through the resiliency of our workforce, we will take on the demands of our city with dedication and a spirit of excellence. I want MPD to continue our focus on transparency and accountability as a needed element in creating collaboration in problem solving. This involves carefully evaluating the release of public information, ensuring we release as much information as we can to the public without compromising investigations.

As we continue to face retirements and separations, we must also direct our attention on the recruitment and retention of police officers and professional staff support. The vitality and success of the MPD will depend on the preparedness, health and wellness of our human resources... our people. The work of public safety employees can come with much trauma, stress, and anxiety. Therefore, our attention has been intentionally focused on employee wellness and effectively responding to trauma that effects our community.

The 2022 Annual Report provides a high-level overview of the many accomplishments, and challenges we encountered throughout the year. However, it does not tell the entire story of the many initiatives implemented and the hard work our amazing employees engage in every day, both sworn and professional staff. We are working hard to marshal our efforts during this momentous time and proceed with innovative solutions. I remain

## **EXECUTIVE SUMMARY**

In 2022, despite the impact that COVID-19 had on the country, the city of Memphis experienced a significant reduction in crime compared to 2021. While the effect of the virus continued to loom, the men and women of the Memphis Police Department remained focused on the arduous task of reducing crime in the most distressed communities.

Our Strategic Plan is a living document that is reevaluated every quarter to ensure we remain focused on the myriad of initiatives implemented throughout the department. Our plan was developed through brainstorming sessions with department personnel, listening to community stakeholders, and meeting with numerous city officials.

## **REDUCE CRIME**

Reduce crime and the perception of crime through innovative strategies and community engagement.

## **COMMUNITY ENGAGEMENT**

Work together with our partners to build trust and the capacity of community organizations to take the lead in improving public safety.

## **ORGANIZATIONAL EFFECTIVENESS**

Create an environment that maximizes the effectiveness of the Memphis Police Department and its employees.

We attributed much of our success in crime reduction to restructuring our department's CompStat Process. CompStat is a performance management system used by police departments to track crime and related quality of life issues. We also reevaluated the deployment of our Field Operations, ensuring personnel in Uniform Patrol were assigned where and when they were needed most. In addition, the MPD created a Fugitive Unit to focus on apprehending the most violent wanted offenders still at large. Through regular and collaborative operations, this new unit began to reduce the fugitive backlog of thousands of wanted felons. We increased personnel assigned to our Motorcycle Unit, added 15 officers to our Downtown Entertainment District Unit (EDU), and added personnel to the Strategic Traffic Enforcement Unit (STEU) to address the numerous concerns related to speeding and reckless driving in our city.

## INVESTIGATIVE SERVICES

The Investigative Services branch of the Memphis Police Department is responsible for thoroughly reviewing the details surrounding every crime committed in Memphis. Investigative Services work closely with all branches of the Memphis Police Department and other law enforcement agencies to solve crime.

### CRIME SCENE INVESTIGATION

The Crime Scene Investigation Unit is a full-time operational unit responsible for conducting on-site investigations at the scenes of violent crimes (homicides, sex crimes, robberies, aggravated assaults, and missing persons), and property crimes (burglaries, auto thefts, and thefts or destruction of property over \$10,000). CSI also handles any follow-up investigative requests for which CSI services are needed to process, collect, preserve, package, transport, analyze, and document physical and/or trace evidence that will assist in the successful investigation and prosecution of offenders committing crimes in Memphis. CSI is a support unit to all bureaus within Investigative Services and provides training to regional law enforcement personnel in the area of crime scene investigations.

For the year 2022, the most significant accomplishment for the Latent Print Office was the completion of 6,882 latent cases despite facing significant staffing challenges. This achievement was made possible by the expertise and dedication of the latent print examiners, who upheld the high professional standards expected by the Department.

A major result of these efforts was the identification of 3,107 individual finger and palm prints (hits). These identifications provided critical solvability for numerous cases across the Department and assisted local, state, and federal courts in prosecuting diverse and complex cases.

The Latent Print Unit's expertise was also sought by various outside agencies to render opinions, evaluations, and examinations on cases that could not be addressed elsewhere. Notably, assistance was provided to the Tennessee Innocence Project in re-evaluating fingerprint cases dating back to the 1990s. Findings from these cases were forwarded to the Tennessee Bureau of Investigation and the Criminal Courts for the State of Tennessee.

### MISSION STATEMENT

The mission of MPD's Information Technology Division is to optimize the Department's ability to protect and serve the citizens of Memphis through the efficient and innovative use of the most advanced Information Technology (IT) available. Challenges include identifying which technologies should be incorporated to achieve the greatest public safety benefit. Responsibilities include planning, developing, implementing, and supporting the IT systems and networks throughout the Police Division.

Law enforcement requires timely and secure access to services that provide data whenever and wherever for deterring and reducing crime. The exchange of criminal justice information is governed by 28 C.F.R., part 20. The MPD Information Technology Division is responsible for this agency's compliance to the CJIS Security Policy and the Management Control Agreement.
